Name: School:	D.O.B.:	Overall aim(s)	Where am I now?	What will I achieve?	Outcome	Actual Outcome
To help the child improve their expressive and receptive language skills to their full potential	The child finds it difficult to understand/use verbal reasoning	The child will be able to use verbal reasoning 80% of the time during structured therapy activities.	There will be an increase in the child's correct understanding and use of verbal reasoning in the classroom/at home.			
Therapy package: Targets will be reviewed as agreed with the speech and language therapist	Timescale: As agreed with the speech and language therapist	Factors contributing to outcome: Commitment from adults working with the child and regularity of practice.				

Please work through the following activities. If you have any questions or feel that the targets have been achieved, please contact the speech and language therapist.

Which are the same? Which are different?
